REPLY TO NOTICE OF NOT FULLY RESPONSIVE RESPONSE

Sir:

The Office Action of 2 April 2008 indicates that the Scientific and Technical Information Center (STIC) at the USPTO identified errors in the Sequence Listing that had been submitted with the immediately preceding Office Action response. The applicants respond by submitting a corrected sequence listing that corrects the errors identified by STIC.

Accordingly, the applicants submit a paper copy and computer readable format (CRF) of the sequence listing with the corrections to the errors identified by STIC and a statement indicating that the CRF and paper sequences are the same. Please enter the corrected sequence listing into the file.

Respectfully submitted,

By

John David Reilly
